LIGHT YOUR FIRE

EXPERIENCE THE CARIBBEAN'S PREMIER TRANSFORMATIONAL FESTIVAL

NEW FIRE Festival is a dynamic, warm, inclusive and transformational festival. Our purpose is to be a catalyst for the creation of a new world of the most beautiful possibilities by inspiring and enabling the transformation of the way we live with each other and the planet.

NFF was ignited in 2016 and we are excited for our 4th edition this year. The festival is the flagship programme of the Trinidad and Tobago Bridge Initiative, a non-profit organisation registered in 2011. Through NFF, TTBI achieves its mission of enabling sustainable development by connecting people to each other, resources and transformational opportunities.

DREAM, EXPLORE & TRANSFORM

YOU ARE NEW FIRE

Come immerse yourself in three days of zero-waste living, music, art, dance, food, craft, yoga, play, overnight camping, workshops and talks at NEW FIRE Festival 2019. Let us together dream, explore and transform!

NEW FIRE Festival is a space for you to participate fully in every experience. The festival is a place of radical inclusion- get involved and exclude no one! The festival is a place of radical self expression- be your authentic self! The festival is all about community- we are NEW FIRE!

At NFF, your dreams come to life as you explore and connect with yourself, others and the environment, learning how we can work together to transform our world.

ZERO WASTE

NFF is grounded in ecological sustainability. Our zero waste principle is one of the primary ways this is exemplified. Never heard of zero waste living?

Put simply, zero waste = living without generating refuse that the ecosystem does not naturally and easily put to good use. When we send nothing to the landfill, we're doing it right!

The zero waste principle means consuming only what you need. Aim to Reduce what you need, Reuse it as many times as possible and Recycle whatever is left. Composting is the way we recycle organic refuse.

BE GOOD

TO YOURSELF, OTHERS & THE PLANET
BY FOLLOWING OUR GUIDELINES
FOR ZERO WASTE AT NFF:

BRING YOUR REUSABLE
drink and food containers!
We'll have free filtered
drinking-water available
from Hydra-STATION and
vendors in our marketplace
will serve you in your food
containers and cups.

WONDERING ABOUT WASHING UP?

We'll have wash up stations so
just like at home, you can clean
your containers after a meal and
reuse them all weekend! At these
stations, please be mindful of your
water use and conserve water.

LEAVE ALL SINGLE- USE ITEMS AT HOME.

You can pack snacks,
hygiene products and
everything else you'll
need in reusable
containers or bags.

NO LITTERING!

Leave no trace by using our
organic waste bins (for food
scraps and paper napkins);
be sure to take everything
back home with you that's
not used at the festival.

SHOWERS ARE PROVIDED

for our campers but
please conserve water
by taking a shorter
shower than usual.

FREE FILTERED WATER

AVAILABLE ALL WEEKEND, JUST
BRING YOUR REUSABLE BOTTLE!

PROGRAMME

FRIDAY 12 APRIL

Gates open at 5pm for 3 Day Pass holders.
Campers set up in the Campers' Village.

FREE Children 12 and under

Can't get away for three days? Then our **2 Day Pass** is the perfect option for you!

This pass gives you access from 9am on Saturday 13 to 5pm Sunday 14 April, one night of camping, all Daytime Activities, Artisan Market, Green Business Expo and our Saturday Night concert.

CAMPING

Camping outdoors is one of the highlights of NFF. Wondering about our facilities? We've got you covered! We build showers and compost toilets only accessible to our campers. We'll also have a campsite kitchen for easy prep meals and a campers hub where you can charge your phones and electronic devices.

Food and tents are not included in these packages but we'll have

vendors on site throughout the weekend and a limited number of tents will be available for rent if you don't have your own.

Check out our packing guide on page 40.

CAMPSITE SAFETY

Know where the Fire Exits and Muster Points are located.

Keep your mobile phone close at hand. Charging access may be limited so pack you solar bank or battery pack.

Keep a battery operated torch handy for emergencies, never use open flames, such as candles and lighters.

Flammables are not allowed in the camping area.

Do not smoke inside tents.

GREEN BUSINESS EXPO

This is a new addition to NFF where we will highlight companies who are focused on providing green products and services as well as agencies who are essential to our national sustainable development agenda.

EXHIBITORS

CGA Limited has been an indigenous manufacturer of soaps, edible oils, margarines and shortenings for over 80 years. The Coconut Growers Association (CGA) was founded in 1937 by a group of coconut farmers who were interested in exporting coconut oil versus raw copra (dried coconut kernels). CGA's products are vegan, cruelty free and eco-friendly and the company has continued their tradition of using Caribbean materials, knowledge and experience, providing both direct and indirect employment across the region.

The iCARE Project is the first national recycling initiative in Trinidad & Tobago which began with the Environmental Management Authority's (EMA) receipt of funding from the Green Fund in 2015. The Project engages the active participation of citizens in recycling beverage containers via a network of recyclable collection bins and primary processing depots. Environmental conservation efforts are

also heightened through collaboration, education and public awareness. The recycling infrastructure being established by the iCARE Project in schools and public spaces nationwide, is intended to prepare the country for the passage of the EMA's Waste Rules and further support national sustainable development goals.

The IDB Group is the leading source of development finance for Latin America and the Caribbean. It helps to improve lives by providing financial solutions and development know-how to public and private sector clients. The group comprises the IDB, which has worked with governments for 60 years; IDB Invest, which serves the private sector; and IDB Lab, which tests innovative ways to enable more inclusive growth.

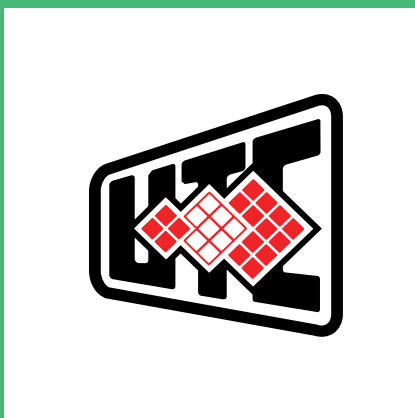

The Trinidad and Tobago Solid Waste Management Company Limited (SWMCOL) aims to protect and enhance the environment in Trinidad and Tobago through the provision of high quality, efficient, customer oriented, cost effective and sustainable waste collection, treatment, disposal, resource recovery and educational services. SWMCOL is dedicated to doing its part in helping the citizens of Trinidad and Tobago to implement modern waste management practices and offers a variety of services in the areas of waste management and environmental protection.

Sygma Environmental is a certified service provider in the field of health, safety and the environment. With 19 years experience, their work has taken them throughout Trinidad and Tobago as well as in the region in places such as Guyana, Barbados and St. Kitts. In all they do, the company seeks to create healthy surroundings for individuals, minimize waste to landfills, reduce our carbon footprint and in so doing build a healthy and sustainable planet with regards for all.

Sygma Environmental is proud to be a member of several organizations pursuing aligning agendas such as the Trinidad and Tobago Green Building Council, the Indoor Air Quality Association, the American Chamber of Commerce and the Trinidad and Tobago Chamber of Industry and Commerce.

Founded in 1982, the **Trinidad and Tobago Unit Trust Corporation (UTC)** is a financial solutions provider headquartered in Trinidad and Tobago, with over TT\$21 billion (US\$3 billion) in funds under management, nine (9) Investment Centres and 10 Online Agencies across Trinidad and Tobago. They proudly serve their community of more than 600,000 unitholders and are more than just a financial services company. They make investments geared towards ensuring a

brighter future for their investors and the country they live and work in. They manage mutual fund investments for individuals and institutions along with specialised savings plans to meet the needs of children.

Vetiver TT Ecological Engineering Solutions Ltd provides cost effective approaches to tackle a wide range of soil and water related challenges, such as: Slope Stabilization, Erosion Control, Property and Infrastructure Protection, Land Rehabilitation and the Phytoremediation (the treatment of contaminated land and waters). They do this by combining soil and water civil engineering expertise with the application of vetiver grass as a bio-engineering tool according to the Vetiver System (VS).

Vetiver TT EES Ltd also works with various NGO outreach projects as a technical partner, to provide training and introduction of these cost-effective vetiver bio-engineering solutions to communities and environments whom can benefit from them. To date these have included the hillside farming community of Paramin, the rehabilitation of quarries in Sangre Grande, and the coastal community of Canaries in St Lucia.

A hand-painted wooden sign with the word "MARKET" in large, dark blue, block letters. The sign is mounted on a light-colored wooden plank and is suspended from a tree branch by thin yellow ropes. The background is a dense canopy of green leaves, with sunlight filtering through, creating a bright, dappled light effect. The sign has a light blue and white background with some decorative elements, including a small butterfly on the left and a small insect on the right.

WHAT NOT TO BRING

At NEW FIRE Festival your safety and maximising sustainability are two of our primary concerns. We've created a list of items that will be removed from bags, coolers and other containers at the gate by our security team and retained until the end of the festival.

NO SINGLE-USE PLASTIC WATER BOTTLES
NO STYROFOAM CONTAINERS OR PLATES
NO SINGLE-USE CUTLERY (PLASTIC FORKS, SPOONS, SINGLE-USE PLATES ETC.)
NO FIREWORKS, LANTERNS OR EXPLOSIVES
NO FIRE STARTERS OR CAMPFIRE GEAR, OPEN FLAME ITEMS OR GASOLINE
NO WEAPONS OF ANY KIND
NO ILLEGAL SUBSTANCES OR DRUGS.
NO PETS (ONLY SERVICE DOGS ALLOWED)

The best way to guarantee your item stays safe is to leave it at home. Let's enjoy a safe and green NEW FIRE Festival 2019!

HEALTH AND SAFETY

LET'S ALL DO OUR BIT TO KEEP THE PEACE AND ENSURE WE ENJOY NFF 2019.

Don't leave anything valuable in your tent. Lock your tent when you leave it.

If you can't take your valuables with you when you leave your tent, leave them at home.

Keep your money, credit cards, and mobile phones in a secure place or with you all the time.

Do not bring large sums of cash. Only bring what you need and keep it on you at all times.

Add your name to all your property so if it is misplaced, it can easily be identified.

If you arrive by car, don't leave anything on display in your vehicle i.e. navigation systems, or mobile phones. Don't place items in your glove box or the trunk. Take everything with you or leave it at home.

Don't make yourself an easy target. Don't over-indulge and always be aware of your surroundings.

Should you notice an emergency notify the closest security officer, team member or report it immediately at the Info booth.

In case of an emergency, please follow all instructions given by team members and emergency response personnel.

In the event of an emergency do not leave the muster point until you are told to do so.

Do not tamper with any festival equipment.

CREATING SAFE SPACES

WE SHOULD ALL HAVE A POSITIVE AND MAGICAL EXPERIENCE AT NFF. HELP US CREATE A SAFE AND ENJOYABLE SPACE FOR EVERYONE BY:

Reading through our guide and contacting us with any questions or concerns **before** the festival weekend.

On arrival at the festival, please obey all drop-off and parking instructions.

Our friendly team of volunteers will greet you at our admissions stations to ensure you have your festival pass, **no disposables** and your reusable items. You will be asked to leave all disposable items in your vehicle so avoid the hassle and please leave these items at home.

Take note of our **Info Booth** which is a great point of contact if you have any questions while at the festival.

There will also be a **First Aid** station with trained volunteers; if you have any medical requirements or specific needs, please let us know so these can be addressed.

We'll have a variety of food and beverages on sale. If you have an allergic reaction or feel unwell, please visit the **First Aid station** or ask someone to alert a First Aid Volunteer.

We care about the **safety and security** of our guests and security personnel will be engaged for the entire weekend. We advise that if you are with a group, use a buddy system when participating in activities especially at night. If you feel uncomfortable at any time or observe suspicious activity, please alert one of our team members.

CREATING SAFE SPACES

A NEW WORLD WHERE WE ALL FEEL SAFE CAN ONLY BE CREATED IF WE COOPERATE WITH EACH OTHER, RESPECT EACH OTHER AND LOOK-OUT FOR ONE ANOTHER. LET'S ENJOY A WEEKEND OF TOGETHERNESS AND TRANSFORMATION AT NFF 2019!

If you have a day pass or night pass please limit your movements to the areas designated for you; **the camping areas are accessible to 3 Day and 2 Day pass holders only.**

Signs will be posted to guide you throughout the festival site as well as provide information on our scheduled activities. If you have any questions, please ask a team member or visit our **Info Booth.**

We will NOT tolerate any forms of discrimination! Anyone found doing this will be immediately ejected from the festival.

MEET THE FIRESTARTERS

WE CONTINUE TO BUILD A STRONG COMMUNITY AROUND THE FESTIVAL. BY ENGAGING A PASSIONATE AND COMMITTED TEAM OF VOLUNTEERS, NEW FIRE FESTIVAL CONTINUES TO ILLUSTRATE THE POWER OF COLLABORATION.

OUR PARTNERS

Our community is further expanded by our partners. The commitment of these progressive organisations has enabled us to meet our goals and continue achieving our vision.

We would like to thank our NFF 2019 Supporting Partner **First Citizens** who has believed in us since the start and has been a financial partner to the festival since 2016. We are very pleased to welcome for the second time as a Supporting Partner, the **Inter-American Development Bank** and the **IDB Group** will also participate in the festival as a Green Exhibitor. **The Trinidad and Tobago Solid Waste Management Company Limited (SWMCOL)** joins us as a Contributing Partner this year and they will also be an exhibitor in our Green Business Expo. **JobsTT** returns for a third year and joining them as a Donating Partner this year is the **Massy Foundation**. The financial contributions of all four entities assists us to achieve our goals. Finally, we say welcome to **Loop TT** who joins us as our Digital Media Partner for NFF 2019.

To our **Official Collaborators** who have worked with us throughout the planning and implementation of NFF 2019 and to our workshop facilitators who have made an invaluable contribution to the festival, we appreciate your dedication to creating a better world with us!
